Neighborhood Association Newsletter of Hamilton Lakes and  
Starmount Forest

Summer 2010

## Association Officers and Board of Directors

Mel Kriegsman, President - 292-4666  
Dennis Johnson, VP Hamilton - 255-2406  
John Atkinson, VP Euphemia -  
Mark Caudill, Treasurer - 852-9096  
Jack Bayliss, Secretary - 478-1178  
Camey Dillon - 852-6356  
Clyde Marr - 294-4838  
Emily Kitchen - 294-9457  
Rob Barefoot - 456-0220  
Susan Wilson - 316-0510  
Tony Ledford - 632-9642

*The present day neighborhoods of  
Starmount Forest and Hamilton Lakes  
formed the original Town of Hamilton  
Lakes established in the 1920's*

*All residents in these neighborhoods are  
entitled to receive the benefits of  
membership by paying association dues.*

Hi, I'm Lou Rymer, I live at 103 Nut Bush Rd West. This is my son Patrick Rymer, he caught this big fish at Hamilton Lakes the other day. It looked like a big one. I wish we had been able to weigh it. Your guess is as good as mine about how much it weighs because every time we talk about it at our house it gets bigger and bigger and bigger!!!! I think it is up to 9 pounds now!

---Lou Rymer(Mother of Patrick)

## \*\*\*\* ATTENTION \*\*\*\*

**A Little History** – The Town of Hamilton Lakes was incorporated in 1925. In 1957 the Town of Hamilton Lakes agreed to be annexed into the City of Greensboro. As a part of that process a special restriction provided that there would be no rezoning of the property that was in the Town of Hamilton Lakes, for a period of 50 years. The Town limits consisted of most to the area south of Friendly Avenue and north of Market Street, from Green Valley Road in the east to a western border running roughly in a zigzag diagonally from Henderson Road at Friendly Avenue to where Staunton Drive intersects Market Street.

In 1957 the non-profit corporation of Hamilton Lakes and Parks, Inc. was formed to maintain and operate the lakes and parks for the benefit of the residents within the old Town limits, who chose to pay dues to HLP. The property owned by HLP consists of Lake Hamilton and related park property from the dam up to Friendly Avenue, and the Kemp dale from Friendly Avenue to Starmount Drive consisting of the park property and lakes associated with Jim King Pond, Lake Euphemia and Little Lake Euphemia, which is most of the neighborhoods known as Starmount Forest, Wedgewood and Hamilton Lakes. Starmount Forest has always been a part of HLP and the new HLP website is [www.hamiltonstarmount.org](http://www.hamiltonstarmount.org) where you can go to join or learn more about HLP.

- CONTINUED ON PAGE 2 -

- CONTINUED FROM PAGE 1 -

**REZONING** – The restriction against rezoning in the old Town limits expired in 2007. The first rezoning request brought to the attention of the Board of Directors of HLP is the pending request submitted by Luke and Glendale Johnson for property at the southwest corner Friendly Avenue and Holden Road. The proposal is to rezone the property to allow commercial buildings [going from RS-12, Residential-Single Family to CD-GO-M, Conditional-General Office- Moderate Intensity].

The Zoning Commission hearing was postponed to **September 13, 2010**. The city planning staff recommended denial of the request to rezone the property to CD-GO-M. The south side of Friendly Avenue is residential from the old Ham's restaurant to the Guilford College area. The west side of Holden Road is residential from Market Street to Benjamin Parkway.

**After discussing its obligations to the HLP property and the HLP membership, the HLP Board unanimously agreed that it will be the policy and practice of the HLP Board to oppose non-residential zoning in the old Town limits of the Town of Hamilton Lakes.**

The Board intends to advise the Zoning Commission of its position on the pending zoning request. The Board encourages its members and area residents to make their opinions known to the HLP Board and the Zoning Commission.

A request was made that the Board poll its members and the eligible property owners regarding rezoning. The Board annually sends a newsletter to approximately 1900 property owners in the old Town limits who are eligible to be members. Of course we would like to see every eligible family join us in enjoying and improving our lakes and parks. Whether you are a member or not we would like your comments on zoning issues. If you wish to respond go to our website [www.hamiltonstarmount.org](http://www.hamiltonstarmount.org).

An active group has organized opposition to the rezoning request and a copy of the their flier is enclosed. You can be a part of stopping the first domino from falling. Additional information may be found at [www.norezoning.org](http://www.norezoning.org) including how to email the Commissioners. The best way to show your opposition to the request is to be present for the Zoning Commission hearing on September 13, 2010.

Mel,  
Thank you for calling us yesterday in regards to the next Zoning Commission Hearing date of September 13, at 5:30 in the city Council chambers of the Governmental Plaza Bldg.

Several other items you might include in your article would be to include our website: [www.norezoning.org](http://www.norezoning.org). This gives a good overview about the property in question. When into the site, if people click on Resources at the top they can find the names of the Zoning commissioners and their email addresses. We encourage everyone opposed to this proposal to send them emails stating their opposition and why. Also, if they go on [www.greensboro-nc.gov/planning](http://www.greensboro-nc.gov/planning) and then scroll down to Frequently Viewed Pages and click on "Zoning Staffing Reports", they can review the planning depts. Recommendation about the project at that point in time. However, if the proposed plans are "revisited" as stated at the time of the Continuation, thing may have changed somewhat for the next hearing date.

Anyone that wants to be on our mass email listing to be kept updated on new developments can put in a request to [NOREZONING@YMAIL.COM](mailto:NOREZONING@YMAIL.COM) (upper case)

Betty & Alan Atwell

Co-Chairs of Save our Neighborhoods.

### So...Just Why Should I Join Hamilton Lakes?

I volunteered to write this article for our newsletter, because I served as Treasurer for Hamilton Lakes and Parks Association for somewhere in the area of 10 years, and over those years, I received a few mumbling and grumbling letters from residents in the area that went something like this:

"I have received your newsletter, yet again, asking me to pay dues. I don't use the lakes and parks whatsoever. Please don't send me anymore requests."

I would always take the time to write these neighbors back, and my answer to these letters usually went something like this:

"Dear neighbor, thank you for your letter to us. You have received the newsletter because you are a resident of Hamilton Lakes and/or Starmount Forest. Besides requests for dues, often there is information in the newsletters that you may find valuable. You don't use the lakes and trails? Really? What about the fact that you drive past those lakes and beautiful woods most every day as you come and go, and enjoy feasting your eyes upon their beauty? What about the idea that you live in the middle of a busy city, but are surrounded on all sides with trees, water and wildlife? Or what about the fact that you don't need to get in your car to take a beautiful, *safe* walk should you so choose; that you can enjoy that walk just steps from your front door? I bet when you have visitors, that they are all jealous of this place that you call home. And should you decide to sell your house, how much more value is added to that real estate because of the special neighborhood you live in? Places like this are in short supply. So you don't fish, and you don't walk. But you DO use the lakes and trails, make no mistake about it."

OK, maybe a little cranky sounding, now that I read it over. But these streets, lakes and parks, indeed the entire area IS very special, and needs to be supported by our membership dues. We all use the lakes and parks whether we realize it or not. There are some 1900 homes within the boundaries of Hamilton Lakes, yet only approximately 350-400 homes send in dues each year. The suggested dues amount is \$75. That's not much of an investment to make in preserving the beauty and uniqueness of the place in which we all live. I would suggest that we get a lot more back than what we're putting in. Don't you think it's time that you stop letting your friends and neighbors contribute for you?

The following residents have paid their 2010 association dues as of July 29,2010.
